

MiniBlend®

FORMULATION SCALE BLENDER

GlobePharma's MiniBlend® Blender offers blending capabilities from 2g to 1kg. It is compact and versatile.

The MiniBlend is available with interchangeable vessels from 0.5qt, 1.0qt, and 2.0qt. We offer v-shell, bin and double cone options.

Our Small Bottle Blending Attachment allows for uniform blending of small volumes from a vial to a pint size container.

This is fixed speed unit with a timer, push button controls and a safety interlocked guard.

The MiniBlend® Blender is CE compliant.
